High School

Projects

Music Academy

https://music-academy-drab.vercel.app

Fully responsive design that adapts beautifully to desktops, tablets, and mobile devices.

Detailed pages for our music programs, including course descriptions and music production.

User-friendly contact forms for inquiries and enrollment, integrated with email services for seamless communication.

Interview-plateform

https://interview-plateform.vercel.app/

Used Convex as the backend platform for serverless operations and real-time data synchronization.

Clerk was included for user authorization and authentication.

Implemented real-time chat and messaging capabilities using Stream.

Created a cutting-edge, responsive, and aesthetically pleasing frontend using ShadcnUI accessible and configurable UI components.

Job Portal

https://job-portal-xi-six.vercel.app

The platform uses modern technologies of full-stack web development, ensuring a fast, secure, and user-friendly experience.

Job seekers can easily search, apply, and manage job applications, while employers can post job listings, review applications, and communicate with candidates.
